G. A. R. High School

WILKES-BARRE, PENNSYLVANIA

VICTOR F. BAIZ, Principal

Foreword

In the few short months between September, 1957 and June, 1958, events occurred which will shape the destinies of the entire universe. In October, 1957 the news burst upon a startled world that "Sputnik", the first outer space satellite, had been successfully launched by Russia. By June, 1958 Russia and the United States each had succeeded in rocketing three space satellites into orbit.

This emphasis on science produced a new concept in educational standards. Here at G.A.R., as in all our nation's schools, the curriculum was advanced to a higher level. The students accepted willingly their new responsibilities.

Occupied with studies though our minds might be, our hearts remained young and gay. Our feet danced to the beat of "rock 'n' roll" and our voices rang in song. Roller skating parties, All Star dances, and pizza parlors were the rage!

As we enter a world of responsibility, the search for pleasure will be relegated to the background. With us, however, will remain the memory of our theme

"Teens and Tunes"

To Jean,
To a real swell
gal. Don't forget the
Pen is English.
I'm sure you'll be a success
because of your marvelous personality
May God Always Bless & Keep
Love,
Barbara Hoyt

BOARD OF EDUCATION

Seated—Mr. Joseph F. DeVizia, Mr. Harry R. Gillman, Dr. John T. Valenti, President, Mr. Merritt Hughes. Standing—Mr. W. Craig Peters, Mr. Raymond W. Tubridy, Mr. Clarence Smith, Mr. Robert W. Gloman, Dr. Albert R. Feinbeg.

Board of Education

The Board of Education of the Wilkes-Barre City School District is comprised of nine elected directors who sacrifice their valuable time and effort toward the betterment of our school system. The voters of Wilkes-Barre have reason to be proud of their choice.

Mr. Allen E. Bacon
Superintendent

We are grateful to Mr. Bacon, "the Man Who Came Back", for relinquishing all the joys of retirement to administer the affairs of our school system this year. We give him our best wishes for a long and happy life in his second withdrawal from active duty.

Mr. Walter C. Wood
Assistant Superintendent

Our city school district is proud and happy to have Mr. Wood as our new superintendent of schools, but we at GAR are especially proud because we claim him as "one of our own". Mr. Wood spent many years as a teacher and then as the assistant principal of GAR. Welcome home any time, Mr. Wood!

MR. VICTOR F. BAIZ
Principal

Our esteemed principal, Mr. V. F. Baiz, who this year completes his fifth year as head of GAR, has always been a loyal friend and understanding advisor to the students of our school. His unbounded interest and enthusiasm has been an incentive to us all.

MR. CHARLES HENSLEY
Vice-principal

Coughlin's loss has been GAR'S gain in the person of our new assistant-principal, Mr. C. Hensley. His pleasing personality and fine sense of humor have already endeared him to the student body.

MISS MARY R. McANIFF
Director of Activities

School life would be dull indeed were it not for the efforts of Miss McAniff. It is through her untiring zeal that the proms, concerts, teas, and all the extra-curricular activities are made colorful, exciting, and smoothly run.

MR. ALBERT SALLITT
Director of Guidance

The class of 1958 was privileged to be the first in GAR'S history to have a full-time guidance counselor. Already Mr. Sallitt's help and direction have been of inestimable value to countless students of all grades.

MRS. MELBA HOWE and P. FUGE
Office Personnel

Mrs. Howe and Peggy Fuge have gained distinction for both their efficiency and geniality. At any hour of the day, they may be found hard at work, and still smiling. They also render invaluable assistance in training commercial students who are assigned to the office as part of their clerical course.

Class Song

1958

Tune: "Now and for Always"

Tears blend with smiles now;
We've reached our goal at last,
The Class of '58 now says farewell.
We'll cherish all through life
Memories of G. A. R.,
That distance, time, or strife, can never mar.

The time has come now,
When we must all depart,
Mem'ries of G. A. R. stay in our heart.
We'll always think of you, students and teachers too.
Our Class of '58 bids thee adieu.

A Senior meeting in the auditorium

Alma Mater

Where the rippling Susquehanna
Gently, slowly winds its way,
Stands our our dear old Alma Mater,
Stands forever and for aye.
Loyal sons and daughters greet thee,
Greet thee, dear old G.A.R.

When we sing our life's last message,
Sweetest on our lips will be
Memories of our days in high school,
Days that live so rich and free.
Loyal sons and daughters praise thee,
Praise thee, dear old G.A.R.

The Senior Class wants to thank publicly the GAR Alumni Association for all the wonderful things they have done for us this year. To name a few, they sponsored an athletic banquet, at which time sweaters were awarded to the senior boys and girls who have earned a letter in some sport; they awarded fifty dollars a piece to the outstanding senior girl and boy; and they entertained the whole class on class day. Certainly no school ever had a better alumni association, and we the seniors, look forward to the day when we will be proud to call ourselves members of that organization.

PROBLEMS OF DEMOCRACY

If our democracy is to remain a democracy, it is essential for the young people of America to know the ABC'S of our government. The seniors at G.A.R. are being taught these and many other fundamentals of citizenship by Miss Esther O'Donnell.

OFFICE PRACTICE

These boys and girls in Mr. Bartish's office practice class are shown here as they learn how to operate standard office equipment. With this diligent training, how can they help but achieve wonderful positions in the business world?

TYPING

These "guys and dolls" expending their energy at the typewriters are members of Miss Juzwiak's typing classes. Having mastered the fundamentals of typing, they are striving for more speed and accuracy.

BIOLOGY

During their very interesting course in biology, Mr. Chesney's students dissect a crayfish, a grasshopper, and a frog. They have greatly increased their knowledge of the animal and make the study of biology truly fascinating.

"You Bug Me, Baby."

"Could This Be Magic?"

PHYSICS

Every Tuesday, Mr. Highriter's "amateur physicists" get an opportunity to delve into some of the wonders of physics. Their experiments range from connecting electrical circuits to experimenting with miniature motors. Judging from this picture, they really enjoy it.

CHEMISTRY

Chemistry is a fascinating subject about which these students had no knowledge last September. Today, through their own efforts, expertly guided by Miss Utz, they are now quite skilled at performing chemical experiments. Needless to say, we are proud of our chemistry department.

"Crazy Chemistry!"

"College Man."

COLLEGE BOARD CLASSES

Classes in English and mathematics were held every Tuesday and Wednesday after school under the direction of Miss June Stevens and Mr. Meyer Tope. This was done to give additional aid to students who planned to take scholarship tests and other tests for admittance to college.

GYMNASTICS CLASS

This athletic group of guys do their "goofing around" under the close supervision of our boys' physical education teacher, Mr. Luther Richards.

The boys are learning the tricks of tumbling, working on the trampoline, and swinging on the parallel bars.

"Who Wears Short Shorts?"

"It's Too Soon to Know."

JUNIOR HIGH SCHOOL

The world is becoming more and more science conscious as scientists are developing space satellites, inter-continental ballistic missiles and such. Therefore, in the seventh and eighth grades, teachers like Miss Hughes are instructing pupils in basic scientific principles to help them to take their places in this highly scientific world.

PRINT SHOP

In the print shop, the boys learn to operate the standard tools of the printing trade. They get plenty of practice printing game schedules, dance tickets, programs, and many of the printed articles needed at GAR. We really appreciate their work.

"You're My Type"

"Great Balls of Fire"

ELECTRIC SHOP

For these boys, getting a job in the electrical field will be made easier because of their experience gained here. Instruction is given in bell wiring, house wiring with knob, tube, and many other phases of electrical work.

MACHINE SHOP

Among the skills which our boys are taught in Machine Shop are how to use hand tools, how to operate and repair machines, and how to read blue prints. Our vocational boys, who are fortunate to have eighteen hours a week, should be quite skilled machinists by the time they graduate.

"All Shook Up"

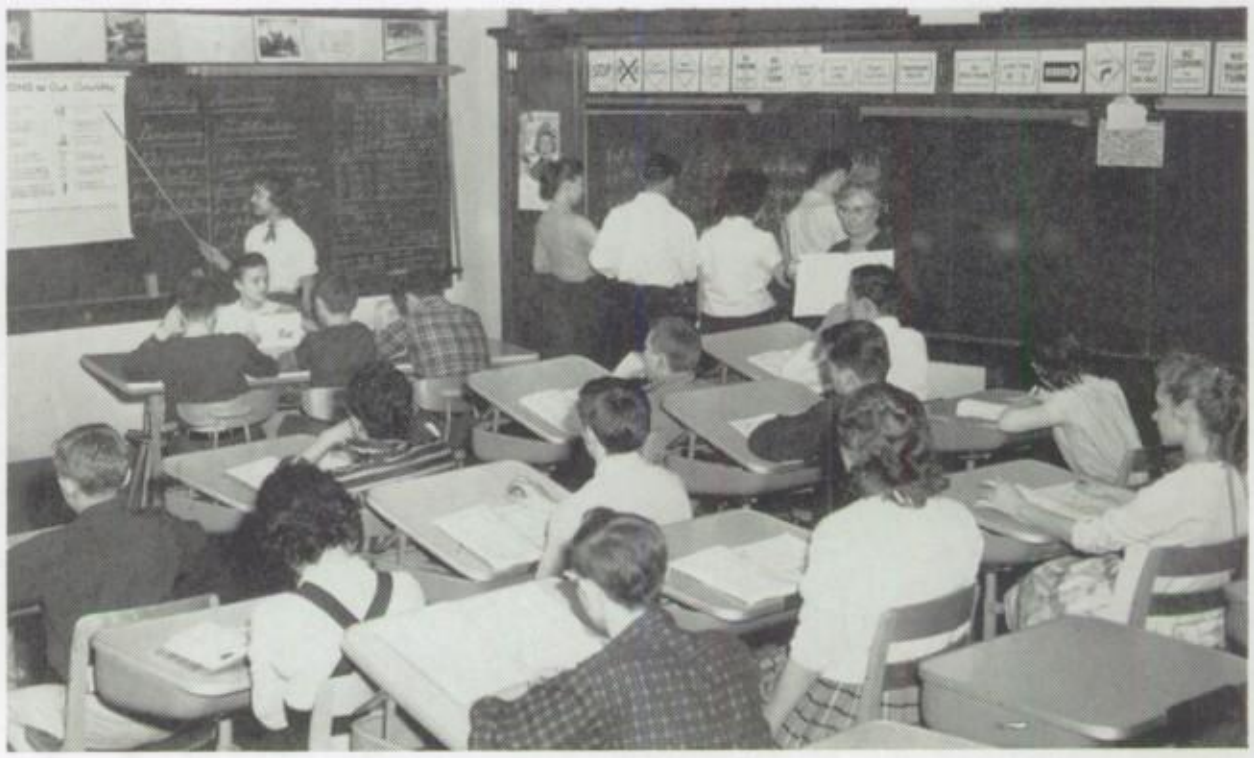
"Nothing Will Ever Change"

MISS CUTLER'S CLASS

Something new at GAR this year were Miss Leah Cutler's courses in "growing up". The entire course covers both the personal and social life of the teen age girl in and outside of school. These classes for senior girls were held on Thursday and Friday in room 408.

MISS GALLAGHER'S CLASS

In its second year at GAR Miss Margaret Gallagher's special education class is progressing most satisfactorily. Miss Gallagher is to be commended for the fine showing of her students. The inauguration of these classes in our city schools is a step in the right direction in education.



"Happiness"

"I've Got the Rockin' Pneumonia"

MEDICAL SERVICES

Although for the most part, the students at GAR are a "right healthy bunch", it is reassuring to know that, when a student does feel ill, a capable nurse is available. Among Miss Janet Roberts' other services are examining the students' eyes and ears and checking their height and weight annually.

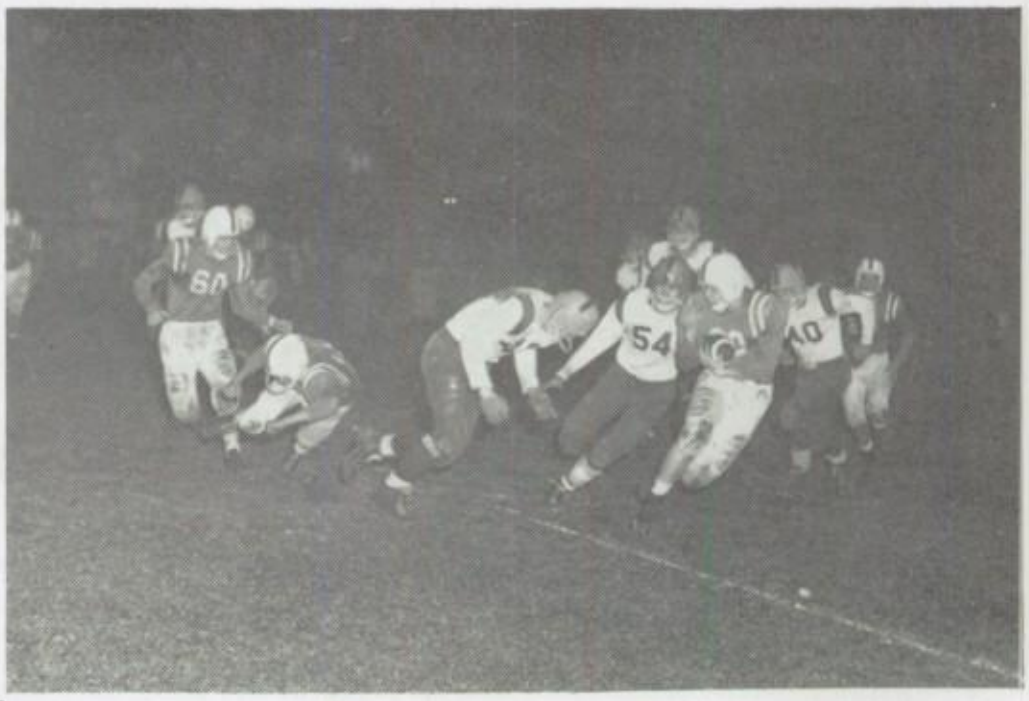
Although our 1957 football season was unsuccessful in regard to wining games; nevertheless, it gave the players the needed experience which will help build our teams into future champions. GAR began the season with only one letterman returning from the previous team. The remainder of the squad was brought up from the junior varsity and freshman teams . . .

Mr. Richards instructs Rowlands for the defense.

. . . The Grenadiers opened the season with a heartbreaking 12-7 loss to Larksville. In the first half, the Larks recovered two GAR fumbles and turned each into a score. The Grenadiers fought hard throughout the game and scored on a fifty-two yard pass-run play in the last period. Again, in the closing seconds of the game, GAR fumbled on the five yard line which ended the Grenadiers threat to win the game.

For the second week the Grenadiers . . .

Ned Smith brought down after a long gain against Coughlin.



. . . suffered from "fumbilitis" and lost a hard fought game to Plymouth, 3-0. After a scoreless first half, the Indians tallied twice, each following a Grenadier "bobble."

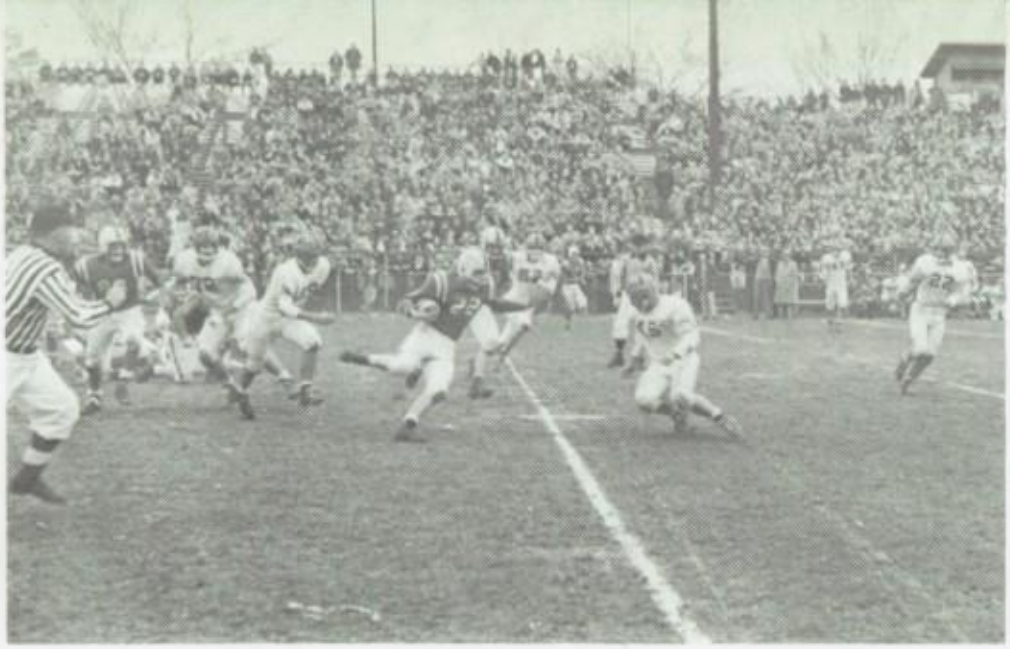
The following week GAR ran into a powerful Nanticoke team and were defeated 32-13. The Nans scored in every period while the Grenadiers were held scorless until the final quarter when they tallied twice on some fine running and passing. The Nans were just too powerful for the Grenadiers . . .

Stets breaks into the open against Hanover.

. . . A fired-up Luzerne Club handed GAR its fourth defeat 13-0. Luzerne uncorked plenty of power in the first half and scored two touchdowns. After the half, the game was evenly played with the only GAR threat being stopped at the thirty-two yard line.

A look at the statistics from the Plains-GAR game will show that the Grenadiers played better than the Red Raiders. However, football games are not won on statistics and Plains . . .

GAR on the defense.



. . . eked out a narrow victory 14-6. The Red Raiders scored once on a pass interception in the opening minutes of play and again early in the second half. The Grenadiers were a constant threat throughout the game and especially in the fourth quarter when they scored once.

The following week, Coughlin took advantage of Grenadier fumbles and an ineffective arial attack and handed the Grenadiers their sixth straight setback 20-0 . . .

Sparks sidesteps his way through Meyers.

. . . A powerful Kingston club scored five times in the first half and defeated GAR 32-12. The Grenadiers sustained marches of eighty-four yards to score in the third and fourth period respectively. The Grenadiers showed great determination but were overtaken by nine bigger and stronger opponents.

This year Hanover defeated GAR for the first time since 1949 by a score of 19-0. . .

Steinberg around end, with Stets blocking.

. . . Some excellent passing and running by the Grenadiers was not enough to overcome a determined Hanover club who scored on a blocked kick, a pass, and a sixty-three yard run.

To end the season, GAR defeated Meyers for the seventh straight time in the annual Turkey Day classic. In a driving rain, a sixty-yard pass interception, an extra point, and a great display of teamwork by the Grenadiers was enough . . .

Challis to Grande for a first down.

. . . to dump a hard fighting Meyers team. The Grenadiers completely outplayed the Mohawks and threatened three times in the last half only to be stopped short of the goal line.

To Mr. Richards, Mr. Wasilewski, and Mr. Igoe go our appreciation for the instruction given to our future champions.

Cheerleaders

Under the very capable supervision of Miss Mary Ford, these good-looking girls can be given credit for the good cheering and wonderful school spirit shown at our football games and our pep meetings. Neatness, pleasantness, and geniality are but a few of the fine traits they display. The girls do a "terrific" job, and GAR is proud of them.

Basketball

Having shown their ability in undefeated exhibition play, the GAR cagers finished the 1957-58 season with a record of five wins to nine losses. In spite of valiant effort on the part of our boys, lack of overall height and inability to control the backboard dogged their steps.

However, the season was not a total loss, as the Garmen won the city championship and displayed plenty of potential power in competition. Prospects for the future are bright with five of this year's starting lineup returning to fight for the Blue and Gray. It's certain that under the expert guidance of Chet Wasilewski, GAR will have a winning combo next season.

A glance at the score card will show the results of this season's campaign.

The first-class work of Mr. Igoe will prove vital to the Grenadiers in producing a future championship team.

THE SEASON

Under their new coach, Mr. Albert Sallitt, the Wrestling team completed the season with an overall 3 to 8 record. The Hilltoppers met some stiff competition, scoring 254 points against their opponents' 281.

GAR did well in the City and District meets. In the City meet, they had four champions; Dorko, Sparks, Klein, and Jablowski, two of whom will return next year. In the District 2 P.I.A.A. meet, Dorko and Hosage grabbed second places, while Rowlands copped a third place.

Baseball

When Spring gives the green light to baseball, the team hits the field and begins to roll. Daily these fellows hold their drills which pave the way to building a closely-knit well organized team. With some good "old pros" and talented newcomers, and Ken Smith to set the paces, the boys are soon ready to shift into high gear. To tell the story in a nutshell, they're grand, man, grand!

Girls' Hockey

Every year, field hockey at GAR is becoming increasingly popular, and under Miss Cutler's skillful instruction has been growing bigger and better. A vast improvement this season was the new hockey equipment. The team will need to practice hard next year to make up for the loss of its beloved seniors, among whom are its co-captains, Florence Gallagher and Helen Ptashinski.

Girls' Basketball

The '58 basketball season is filled with many happy memories, — the winning of both the city championship and the foul shooting contest, the fun-filled party given by the underclassmen, and many others.

West Side Catholic was added to the schedule which already includes Meyers, Coughlin, Wyoming Seminary, Kingston, and St. Mary's.

Our team, steered by popular Coach Leah Cutler and Captain Florence Gallagher, are definite "hit-makers" with us.

Top—"Now it should be done like this"
Bottom—Davis gets the tap.

Fancy defense by the guards.
